

MIGUELITO CUBITA

BS COMPUTER ENGINEER

PROFESSIONAL SUMMARY

Innovative and detail-oriented Computer Engineer with experience in embedded systems, web development, and software solutions. As the student president of my department, I've had the opportunity to lead teams, organize events, and manage projects, which has strengthened my leadership and teamwork skills. I enjoy tackling technical challenges, whether it's developing applications, troubleshooting systems, or finding creative solutions to problems. Always eager to learn, I love exploring new technologies and applying them to real-world projects.
